

VIKING[®]

SIMPLY **ICONIC**

Being a leader requires confidence. It takes vision to anticipate what's just beyond the horizon. It takes guts to create something in a space where nothing existed before.

Leading is exactly what Viking has been doing for over 40 years. We originated the professional-grade range for the home kitchen. Our industry-leading innovations in appliances set the American standard for the modern luxury kitchen. From cooking and ventilation to refrigeration and cleanup—Viking delivers professional performance and stunning design. Simply stated, our products have become the standard for both elite chefs and discriminating designers alike.

And we're just getting started. We won't quit innovating or dreaming. Our advanced performance features and bold new design concepts are unexpected for the field—but not surprising considering Viking's place in the market.

Kitchens begin with Viking.

VISION MEETS PRECISION

THE VIKING RVL COLLECTION

DESIGNED FOR DISTINCTION

Recently revealed to the world at KBIS 2024, the RVL Collection was honored with the Best of KBIS Style Statement Silver Award. The RVL Collection has also been recognized in the Good Design 2024 Kitchen and Appliances Category.

SLEEK INTEGRATION

The modular aspect of the RVL collection allows for either vertical or side-by-side installation for unmatched flexibility, placing each appliance at the optimal height for its use. Fully integrated products fit seamlessly into standard cabinetry and offer endless design possibilities.

VIKING PERFORMANCE

With dynamic cooking options spanning speed ovens, steam ovens, convection ovens, and induction cooktops, Viking delivers the professional power and performance you've come to expect.

INTUITIVE CONNECTIVITY

Pair your smart phone to the RVL oven with the Viking Cloud App, and place our ever-expanding collection of recipes in the palm of your hand. You'll enjoy effortlessly elevated home cooked meals, and take the guesswork out of cooking and baking.

CLEAN. SUSTAINABLE. **ECO-FRIENDLY.**

Fuel choice and consumption are becoming increasingly important in today's time. Viking Induction and Electric products are designed with this in mind, making available several options and sizes providing cleaner, lower-cost energy sources resulting in a smaller carbon footprint. These energy-efficient solutions also mean ease of installation and lower maintenance costs.

RICH HUES. REFINED STYLE.

THE NEW VIKING COLOR COLLECTION

Elevate your kitchen with vibrant hues crafted to reflect your unique personality. While the stainless steel finish of the Viking Range will always be in style, our new designer-curated palette of 18 rich hues embody quiet luxury and bold individualism.
